

VALLEY HOMELESS HEALTHCARE PROGRAM

Important information about our clinics:

- Primary care, mental health, and social work are available at all clinics in-person and by phone.
- Because of the COVID pandemic, it is safer to try to help you with your needs over the phone. If you have access to a phone, call first for a phone appointment so that we can help you over the phone. If you don't have access to a phone, walk-in early to be first in line. Visits are first-come, first-served in which availability of appointments may be limited.
